Each participating dental office listed in the directory has a dental office code number listed to the left of the dental office. Be sure to use the code number to identify your selection on the enrollment form. You may find a list of DHMO providers at TDA dental.com.
3. If employee contributions are required, premium payment is made by payroll deduction. Return your enrollment form to your employer's personnel office or benefits department for processing.

### UNDERSTANDING YOUR PLAN

Your general dentist and this booklet are the keys to your plan. You pay a pre-negotiated price for services provided by your general dentist. This is not a discount plan. There are minimal costs for preventative cleanings, x-rays and exams, and set copayments for other covered services. Some major services may require laboratory work which will be an additional variable cost to the fixed copayments. The plan does not cover services from out-of-network dentists, except for emergency care. Be sure to review your plan booklet for important plan information such as covered procedures.

### DENTAL PLAN INFORMATION

Read Your Policy Carefully. This outline of coverage provides a very brief description of the important features of your policy. This is not the insurance contract and only the actual policy provisions will control. The policy itself sets forth in detail the rights and obligations of both you and your insurance company. It is, therefore, important that you READ YOUR POLICY CAREFULLY! If the explanations in this plan booklet can be interpreted differently from the provisions of the policy, the policy shall always prevail. You may examine the policy by contacting TDAUT at: 5101 South Commerce Drive, Murray, UT 84107, toll-free 1 (800) 880-3536. This dental policy is for a contract of 12 months and is guaranteed renewable. Please read this document with care so that you will have a full understanding of the plan and what it could mean to you and your family. This document is void and of no effect if you are not entitled to or have ceased to be entitled to the dental coverage.

In this case, your dentist will refer you, where available, to a fully qualified specialist in the DHMO network who specializes in the care you need. Depending on your plan of coverage (refer to your Schedule of Benefits and Copayments), treatment provided by a specialist may require plan authorization. Your selected general dentist will initiate this authorization. Eligible dental care services from a specialist are those services specifically listed under the specialist category of the Schedule of Benefits and Copayments.

### **V. EXTENDED CARE**

Upon termination of eligibility or termination of the Group Agreement, the plan will complete any procedures started, but only the procedures in progress.

## XII. COORDINATION OF BENEFITS

This Coordination of Benefits (COB) provision applies to this plan when a member and/or subscriber has other dental care coverages. In the event benefits apply under two or more dental care coverages, each plan determines its order of benefits using the first of the following rules that apply:

- A. Non-Dependent or Dependent: The plan that covers the person other than as a dependent, such as an employee, member, policyholder, retiree or subscriber, is the primary plan and the plan that covers the person as a dependent is the secondary plan.
- B. Child Covered Under More Than One Plan: Unless there is a court decree stating otherwise, plans covering a child shall determine the order of benefits as follows:
  - a. For a child whose parents are married or living together if they have never been married:
    - i. The plan of the parent whose birthday falls earlier in the calendar year is the primary plan; or
    - ii. If both parents have the same birthday, the plan that has covered the parent longest is the primary plan.
  - b. For a child whose parents are divorced or separated or are not living together if they have never been married:
    - i. If a court decree states that one of the parents is responsible for the child's healthcare expenses or healthcare coverage, the responsible parent's plan is primary.
    - ii. If the parent with responsibility has no healthcare coverage for the child's healthcare expenses, but the spouse of the responsible parent does have healthcare coverage for the child's healthcare expenses, the responsible parent's spouse's plan is the primary plan. If a court decree states that both parents are responsible for the child's healthcare expenses or healthcare coverage, the provisions of R590-131-6.B.1. shall determine the order of benefits.
    - iii. If a court decree states that the parents have joint custody without stating that one parent has responsibility for the healthcare expenses or healthcare coverage of the child, the provisions of R590-131-6.B.1. shall determine the order of benefits, or
    - iv. If there is no court decree allocating responsibility for the child's healthcare expenses or healthcare coverage, the order of benefits for the child are as follows:
      - 1. the plan covering the custodial parent;
      - 2. the plan covering the custodial parent's spouse;
      - 3. the plan covering the non-custodial parent; and then
      - 4. the plan covering the non-custodial parent's spouse.
    - v. For a child covered under more than one plan, and one or more of the plans provides coverage for individuals who are not the parents of the child, such as a guardian, the order of benefits shall be determined under R590-131-6.B.1 or 2 as if those individuals were parents of the child.
- C. Active, Retired, or Laid-Off Employee.
  - a. The plan that covers a person as an active employee who is neither laid off, nor retired, nor a dependent of an active employee, is the primary plan. The plan covering that same person as a retired or laid-off employee or as a dependent of a retired or laid-off employee is the secondary plan.
  - b. If the other plan does not have this rule, and the plans do not agree on the order of benefits, this rule is ignored.
  - c. This Subsection does not apply if the rule in Subsection D.a. can determine the order of benefits.
- D. COBRA or State Continuation Coverage.
  - a. If a person whose coverage is provided pursuant to COBRA or under a right of continuation pursuant to state or other federal law is covered under another plan, the plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the primary plan and the plan covering that same person pursuant to COBRA or under a right of continuation pursuant to state or other federal law is the secondary plan.
  - b. If the other plan does not have this rule, and the plans do not agree on the order of benefits, this rule is ignored.
  - c. This rule does not apply if the rule in R590-131-6.A. can determine the order of benefits.
- E. Longer or Shorter Length of Coverage.
  - a. If the preceding rules do not determine the order of benefits, the plan that covered the person for the longer period of time is the primary plan and the plan that covered the person for the shorter period of time is the secondary plan.
  - b. To determine the length of time a person has been covered under a plan, two successive plans shall be treated as one if the claimant was eligible under the second within 24 hours after coverage under the first plan ended.
    - i. The start of a new plan does not include:
      - 1. a change in the amount or scope of a plan's benefits;
      - 2. a change in the entity that pays, provides or administers the plan's benefits; or
      - 3. a change from one type of plan to another, such as, from a single employer plan to a multiple employer plan.
    - ii. The person's length of time covered under a plan is measured from the person's first date of coverage under that plan. If that date is not readily available, the date the person first became a member of the group shall be used as the date from which to determine the length of time the person's coverage under the present plan has been in force.
    - iii. If none of the above rules determine the primary plan, the allowable expenses shall be shared equally between the plans.
    - iv. If the plans cannot agree on the order of benefits within 30 calendar days after the plans have received all of the information needed to pay the claim, the plans shall immediately pay the claim in equal shares and determine their relative liabilities following payment, except that no plan shall be required to pay more than it would have paid had it been the primary plan.

### **XIII. THIRD PARTY RESPONSIBILITY**

In the event a member and/or subscriber sustains any illness or injury for which a third party may be responsible, the plan, up to the amount of benefits paid or provided, shall be entitled to the proceeds of any settlement or judgment which results in a recovery from the third party; but only under the conditions that the covered member and/or subscriber is made whole first.

### **XIV. CONTINUATION OF COVERAGE**
